Spirit, Spirit, Spirit

We live in a country that strives for a more perfect union, the ideal envisioned by our founding fathers in 1776. At St. Johns we see ourselves as significant partners in the nation's effort toward this goal. Together we work for justice, for freedom of the individual; most particularly do we work for an orderly blending of our unique personalities, backgrounds, and aspirations.

Our forefathers established the Constitution of our country. This achievement — gratefully our heritage is the result of a strength:

a strength which ensued because these men cared enough and were patient enough to work together. They had a common desire. They had enthusiasm. They had spirit.

Spirit of '76

Instilled with the zest of our forefathers, we, the students of St. Johns Country Day School, can and will show to ourselves and to our country that the spirit kindled here 200 years ago brightly stirs within us now.

We have spirit!

We Can Hear You, Dr. Homan!

four years a history teacher five years a headmaster from Mr. to Dr. the Homan School the Bicentennial Club

With a continuous smile, with patience, and with kindness, his colorful character reaches us all.

To our teacher, friend, and leader,
Dr. Bert G. Homan
we dedicate, with spirit, the 1976 Chalice.

Spirit, Spirit Spirit

We live in a country that strives
for a more perfect union, the ideal
envisioned by our founding fathers
in 1776. At St. John's we see ourselves
as significant partners
in the nation's effort toward this goal.
Together we work for justice,
for freedom of the individual;
most particularly do we work for
an orderly blending of our unique
personalities, background
and aspirations.

Our forefathers established
the constitution of our country.
This achievement — gratefully our heritage —
is the result of a strength;
a strength which ensued
because these men cared enough
and were patient enough
to work together.
They had a common desire.
They had enthusiasm.
They had spirit.

Spirit of '76

Instilled with the zest of our forefathers, we, the students of St. John's Country Day School can and will show to ourselves and to our country that the spirit kindled here 200 years ago brightly stirs within us now.

We have spirit.

In Case You're Wondering . . .

this is the sixteenth volume of THE CHALICE produced by eight editors and thirteen staff members after an estimated fifteen hundred brain hours. One hundred and sixty pages, filled with athletic alliteration, apt phrases, awards, artwork, American flags, arduous ad selling, and assorted aches and agonies complete twelve month's work. The initiation of Mrs. Landry and Mrs. Busey included damaged and lost pictures, threats to file bankruptcy, broken cameras, careless cropping and lost money in the safe. Mrs. Landry then decided to adopt the slogan, "I'm trying not to panic."
